# GOLDEN OMEGA'S UNIQUE VALUE PROPOSITION

DIRECT TO THE SOURCE

Golden Omega's facility is strategically and uniquely located in Arica, the northern-most city in Chile, on the border with Peru. This is in the middle of the richest fishing ground for anchovy in the world, in the South Pacific Ocean.

 Freshest raw material

 100% Anchovy

 Full traceability

STATE-OF-THE-ART FACILITY

Golden Omega has installed a facility with the latest available European technology for the processing of Omega 3 oils, built up under pharmaceutical standards.

PILOT PLANT

This facility is a total replica of the commercial plant. It allows Golden Omega to develop customized products and continuously improve our processes and quality.

A STEP BEYOND IN PURITY & QUALITY

All the above mentioned key advantages of Golden Omega translate into purity and quality.

- ✓ Extremely low in contaminants and heavy metals
- ✓ Very low in Cholesterol
- ✓ Extremely low level of oxidation parameters (Totox typically below 5)
- ✓ The best sensory profile
- ✓ Colorless Omega 3 concentrates

R&D ORIENTATION

Härting, the third shareholder of Golden Omega, has a vast experience of more than 30 years in the processing of fatty acids, has contributed with 3 new generations of patents and leads the R&D department in Golden Omega.

MEMBER OF EMPRESAS COPEC GROUP

The two main shareholders of Golden Omega, the fishing companies Corpesca and Orizon, in turn belong to one of the largest corporations in Chile, Empresas Copec.
