## Golden Omega acquires OmegaTri

Golden Omega strengthens its *Delivery Solutions* portfolio by acquiring an innovative Omega-3 compressible powder technology.

---

Golden Omega, Chilean leading manufacturer of Omega-3 concentrates, has announced the acquisition of OmegaTri AS, developer of an innovative Omega-3 compressible powder technology and current client of Golden Omega. The acquisition strengthens Golden Omega's *Delivery Solutions* portfolio by the integration of both businesses.

of EPA and DHA obtained from fish oil. Golden Omega's state-of-the-art production facilities are located in Northern Chile, close to the raw material source. This guarantees an assured supply of the best fish oil available worldwide, as well as freshness and quality.

Golden Omega has been developing along the years very close cooperation with the best contract manufacturers worldwide, resulting in different products that have expanded the ways in which Omega-3 can be consumed. "The purity and quality of our concentrates are a key factor that allows them to be used in many applications. OmegaTri compressible powder technology fits perfectly with our product, resulting in a high quality compressible powder.", says Jorge Brahm, Managing Director of Golden Omega.

Under the brand *GOTab*, Golden Omega expects to develop the business in worldwide markets. "GOTab powder makes it possible for nutraceutical companies to produce compressed tablets rich in Omega-3 of different shapes and sizes, as well as to incorporate Omega-3 into multivitamin complexes or to accompany it with other elements such as minerals, phytosterols or other ingredients, maintaining its neutral characteristics of smell and taste.", explains Claudio Aracena, Commercial Director of Golden Omega.
