EXPERIENCE THE DIFFERENCE

EXPERIENCE THE DIFFERENCE

We are committed to the quality, innovation and integrity of our products.

Freshest raw material

100% Anchovy

Full traceability

Strategically located in the middle of the richest fishing ground for anchovy in the world.

SOURCING DIRECTLY FROM SELECTED FISHING COMPANIES IN CHILE AND PERU.

Golden Omega's unique and strategic location in the South Pacific Ocean allows us to offer a guaranteed, tested and approved origin source for all the Omega-3 concentrates that we offer to your brand.

Pure anchovy from the south pacific certified by orivo.

THE ORIVO TECHNOLOGY

Based on 20 years of research, the technology developed by Orivo is an NMR-based (nuclear magnetic resonance) laboratory test which verifies a marine ingredient's authenticity based on species and geographic origin. The "chemical fingerprint" of the analyzed products are matched with a unique database of reference samples and fingerprints.

THE ORIVO CERTIFICATION PROCESS FOR GOLDEN OMEGA

- 1. CONTINUOUS SAMPLING**
Continuous raw material monitoring at key points along the processing line.

- 2. Laboratory testing & verification of authenticity for the raw material**

- 3. Granting of certification for pure raw material sourcing**

THE ORIVO LOGO FOR THE BRANDS

Based on a chain of custody concept, Orivo offers to the brands the possibility to come into the certification program and use the logo in the packaging on their products. This way the brands are able to offer to their consumers a guaranteed, tested and approved marine source.

Why testing the origin is important?

- Consumers are demanding full transparency around the sources of natural products.
- Those brands which can transparently offer a certified origin for their Omega-3 products will have a great differentiation point and story to tell to their consumers.

WE ARE COMMITTED TO YOUR SUCCESS
