

PRESS RELEASE, Friday 9, August, 2024

Benexia® and Golden Omega, both Chilean-based companies in Arica, are excited to unveil their strategic partnership, bringing Benexia Chia seed oil and Golden Omega's extensive network in the North American market.

This partnership will enable Benexia® to expand its reach and bring its unique Chia-based oil to a broader audience. In turn, Golden Omega will add a new, natural, sustainably farmed vegan Omega-3 oil to its product portfolio, featuring a high polyunsaturated fatty acid Alpha-linolenic acid (ALA) content.

Golden Omega, a leading supplier of high-purity and quality Omega-3 concentrates made from verified South Pacific anchovy, has solidified its position in the North American market in just a few short years. This adds a new possibility of offering vegan Omega-3 products, further strengthening its commitment to providing clients with a wide range of solutions for their dietary supplement products.

"We are thrilled to add this new opportunity, a distinctive product line based on Chia seed, giving our clients options of Omega-3 ALA in the North American market!" said Claudio Aracena, Commercial Director for Golden Omega S.A. "Our commitment to providing high-quality, sustainable dietary supplement ingredients with exceptional customer service has been the key to our success over the last 10 years. The addition of Benexia's Chia oil aligns perfectly with our mission, and we are excited about the possibilities it will bring."

Benexia® is a Chilean-based company located in Arica that has specialized in the production, processing, commercialization, and marketing of Chia and chia-based ingredients. Their modern, clean, and environmentally friendly manufacturing capacities offer a natural ingredient for the industry, allowing leading food companies worldwide to pioneer innovative products that incorporate

Benexia® chia oil products and powder, always focusing on great taste, nutritionally superior and attractive creations, enhanced functionality, and cost efficiencies.

"We are very excited to start a commercial alliance with Golden Omega S.A and its subsidiary in the USA. Chia oil is ideal for vegetarians and vegans. Made from sustainably sourced, superior-quality seeds, it is keto-friendly and non-GMO certified. It is also available in powder format. The potential and all these attributes are recognized by Golden Omega, giving to their customers another sustainable and high-quality product alternative," says Sandra Gillot, CEO of Benexia®.

ABOUT GOLDEN OMEGA

For more than 10 years, Golden Omega has been processing Omega 3 fish oil concentrates to the global nutraceutical market utilizing anchovy from the South Pacific and patented technologies. Our facility, in northern Chile, is located adjacent to the largest biomass of Omega-3 rich pelagic fish in the world.

ABOUT BENEXIA

Benexia® is one of the largest chia producers in the world with 20 years of experience, and one decade spent specializing in its industrial production, developing clean ingredients specifically designed for food, beverage, and supplement applications.
